LICENSING COMMISSION TO EXPAND OUTREACH

The City's three member Licensing Commission recently decided to expand their outreach efforts across the city. The members will visit, along with designated members of the Police Department, all of the city's establishments licensed by the Commission. The outreach is to ensure all the restaurants, bars, and other establishments are complying with applicable, laws, rules and regulations and to create a stronger partnership between the Commission and the establishments.

Mayor DeMaria hailed the move as a positive step forward, "In order for our restaurant economy to thrive, our Commissions need to be active; ensuring a safe, comfortable atmosphere for our residents to enjoy."

Although this is not the first time a Commission member or a police officer will visit an establishment, this is a first for the Commission to expand outreach efforts as a group in a preventative and proactive manner. The Commission hopes the regular visits will ensure a high percentage of compliance.
